Parent & Member Handbook

Our Mission

To enable all young people, especially those who need us most, to reach their full potential as productive, caring, responsible citizens.

<https://www.bgcstc.org>

WELCOME TO EVERYONE!

All of us at Boys & Girls Clubs of St. Charles County (BGCSTC) would like to thank you for selecting us! Our Club is a place for members to build character through leadership and discover new interests. When you visit BGCSTC, you will find a lively place with trained professional staff and volunteers who are positive adult role models for young people.

Welcome to our family! Your child's safety is important to us. This is a handbook of policies to ensure your child has a positive and rewarding experience. Please read this handbook carefully as you are expected to follow these guidelines.

You may contact the Front Office any time the Club is open if you have questions, concerns or need additional information.

PARENT/STAFF COMMUNICATION

Good communication is essential to providing the best possible care for each child. It is vital that you inform us of changes in your child's life that may affect his/her behavior. Changes at home may include moving, hospitalization of a family member, alterations in the parents' relationship, or a death in the family. Home issues influence the way in which your child relates to others. Staff can better provide for a child's needs if they are aware of the situation.

PARENT INVOLVEMENT

The Club believes that parental involvement is necessary for the success of any youth program. As a caregiver, you are welcome to visit the Club anytime you wish without prior notice. Your cooperation with all policies and procedures is appreciated. Take every opportunity to talk with staff about your child. Ask your child daily about the programs s/he attends and take time to read the available information that goes home. We encourage you to volunteer any time or talents you may have to the Club. Welcome again, we look forward to getting to know you and your family!

CHILD AND CLUB SAFETY

Boys & Girls Clubs of St. Charles County, as an affiliate of Boys & Girls Clubs of America, is committed to providing a safe and secure experience for youth. Our safety policies and procedures adhere to the highest standards. Additionally, all adult staff and volunteers are mandatory reporters in the state of Missouri.

BGCSTC Safety Practices:

Criminal background checks are required for every staff and volunteer who has direct contact with children. We collaborate with First Advantage, the world's largest data company, to provide the most comprehensive screenings available today.

Boys & Girls Clubs of St. Charles County conducts criminal background checks of all employees, including minors; board volunteers and others who serve on a standing committee; and all other volunteers, including partners and minors, who have direct repetitive contact with minors.

Name-based or fingerprint-based record searches may be used in any combination, but the background check shall at a minimum:

- Verify the person's identity and legal aliases through verification of a social security number.
- Provide a national Sex Offender Registry search.
- Provide a comprehensive criminal search that includes a national search.
- Provide a comprehensive local criminal search that includes either a statewide or county level criminal search, depending on jurisdiction (current list of jurisdictions can be found at www.bgca.net/childsafety).
- Include any additional background check criteria required by organizational policies, funding or licensing agencies or required in the applicable jurisdiction, such as motor vehicle records, child abuse registry or credit checks.

Such checks will be conducted prior to employment or volunteering and at regular intervals not to exceed twelve months. Through our partnership with Praesidium and Spillet University, one of the nation's leading safety experts, BGCA provides a 24-hour toll-free Child Safety Hotline to allow Club managers, staff, volunteers, and Club Members to confidentially report suspicions or concerns.

Ongoing training and supervision of staff is critical. We participate in a wide variety of child safety training conducted through seminars, conferences, and webinars. This includes mandated reporting, trauma-informed practices, and specific program modules.

Each Unit has always at least one staff member on duty that is certified in First Aid and CPR. Each unit has an AED onsite.

Our facilities and vehicles are required to comply with federal, state, and local safety laws.

We do not tolerate violence, harassment, discrimination, or bullying in our Club units. This includes members, staff, parents, and volunteers.

Visitors, including parents/guardians, are required to check in at our front desk before being admitted to Club program areas.

Staff Members are trained to advise all Members that in some instances they may be required to reveal secrets, especially if the secret carries potential harm to the minor child or others. In such cases, BGCSTC staff contacts the proper authorities.

TECHNOLOGY USE

Boys & Girls Clubs of St. Charles County is committed to providing a safe use of technology and online safety for members, staff, and volunteers. The acceptable use policy provides the framework for those safety practices, and procedures.

CLUB MEMBER USAGE

Before a member will be allowed to use Club technology equipment or their personal device, both the member and his/her parent/guardian will need to read and sign the Technology Acceptable Use policy and return it to the Club.

Under the Technology Acceptable Use policy, the following relevant principles shall apply: Club devices shall include any and all Club-owned existing and/or emerging technologies and devices that can take photographs, play and record audio or video, input text, upload and download content and/or media and transmit or receive messages or images.

Personally owned devices shall include any and all member-owned existing and/or emerging technologies and devices that can take photographs, play and record audio or video, input text, upload and download content and/or media and transmit or receive messages or images.

Club purposes shall include program activities, career development, communication with experts and/or Club peer members, homework, and Club activities. Members are expected to act responsibly and thoughtfully when using technology resources. Members bear the burden of responsibility to inquire with staff when they are unsure of the permissibility of a particular use of technology prior to engaging in its use.

Authorized use: Club devices and personally owned devices are permitted for use during approved Club times for Club purposes and in approved locations only. The Club expressly prohibits the use of Club devices or personally owned devices in locker rooms, restrooms, and other areas where there is an expectation of privacy.

Appropriate use: Members may not use any technology to harass, threaten, demean, humiliate, intimidate, embarrass, or annoy their peers or others in their community. Any inappropriate use of a Club or personally owned device, as determined by Club staff, can lead to disciplinary action including but not limited to confiscation of the device, immediate suspension from the Club, termination of membership or other disciplinary actions determined to be appropriate to the Club's existing disciplinary policies including, if applicable, referral to local law enforcement.

Monitoring and inspection: Boys & Girls Clubs of St. Charles County reserves the right to monitor, inspect, copy, and review any personally owned device that is brought to the Club. Parents/guardians will be notified before such an inspection takes place and may be present, at their choice, during the inspection. Parents/guardians may refuse to allow such inspections. If so, the member may be barred from bringing personally owned devices to the Club in the future.

Loss and damage: Members are responsible for keeping devices with them at all times. Staff are not responsible for the security and condition of the member's personal device. Furthermore, the Club is not liable for the loss, damage, misuse, or theft of any personally owned device brought to the Club. Any inappropriate or unauthorized use of a Club or personally owned device, as determined by Club staff,

can lead to disciplinary action including but not limited to confiscation of the device, immediate suspension from the Club, termination of membership or other disciplinary actions determined to be appropriate to the Club's existing disciplinary policies, including, if applicable, referral to local law enforcement.

Members must be aware of the appropriateness of communications when using Club or personally owned devices. Inappropriate communication is prohibited in any public or private messages, as well as material posted online.

Inappropriate communication includes but is not limited to the following:

- Obscene, profane, lewd, vulgar, rude, inflammatory, threatening or disrespectful language or images typed, posted or spoken by members;
- Information that could cause damage to an individual or the Club community or create the danger of disruption of the Club environment;
- Personal attacks, including prejudicial or discriminatory attacks;
- Harassment (persistently acting in a manner that distresses or annoys another person) or stalking of others;
- Knowingly or recklessly posting false or defamatory information about a person or organization; or
- Communication that promotes the destruction of property, including the acquisition or creation of weapons or other destructive devices.

If a member is told to stop sending communications, that member must cease the activity immediately.

Cyberbullying:

Members may not utilize any technology to harass, threaten, demean, humiliate, intimidate, embarrass, or annoy their peers or others in their community. This behavior is cyberbullying, which is defined as bullying that takes place using emerging technologies and devices. Any cyberbullying that is determined to disrupt the safety and/or well-being of the Club, Club members, Club staff or community is subject to disciplinary action.

Examples of cyberbullying include, but are not limited to:

- Harassing, threatening or hurtful text messages, emails, or comments on social media.
- Rumors sent by email or posted on social networking sites.
- Embarrassing pictures, videos, websites, or fake profiles.

Members may not attempt to gain unauthorized access to the Club's network, or to any other computer system through the Club's network. This includes attempting to log in through another person's account or accessing another person's files. Members may not use the Club's network to engage in any illegal act, including, but not limited to, arranging for the purchase or sale of alcohol, tobacco, or other drugs;

engaging in criminal activity; or threatening the safety of another person. Members may not make deliberate attempts to disrupt the computer system or destroy data by spreading computer viruses.

Monitoring and inspection: Boys & Girls Clubs of St. Charles County reserves the right to monitor, inspect, copy, and review files stored on Club-owned devices or networks. In addition, BGCSTC reserves the right to inspect and/or review personally owned devices that are brought to the Club. Parents/guardians will be notified before such an inspection takes place and may be present, at their choice, during the inspection. Parents/guardians may refuse to allow such inspections, but the member may be barred from bringing personally owned devices to the Club in the future.

Internet access: Personally owned devices used at the Club must access the internet via the Club's content-filtered wireless network and are not permitted to directly connect to the internet through a phone network or other content service provider. Boys & Girls Clubs of St. Charles County reserves the right to monitor communication and internet traffic, and to manage, open or close access to specific online websites, portals, networks, or other services. Members must follow Club procedures to access the Club's internet service.

Loss and damage: Members are responsible for keeping the personal device with them at all times. Staff are not responsible for the security and/or condition of the member's personal device. Furthermore, the Club shall not be liable for the loss, damage, misuse, or theft of any personally owned device brought to the Club.

Parental notification and responsibility: While the Boys & Girls Clubs of St. Charles County's Technology Acceptable Use Policy restricts the access of inappropriate material, supervision of internet usage might not always be possible. Due to the wide range of material available on the internet, some material might not fit the values of members and/or their families. Because of this, it is not considered practical for BGCSTC to monitor and enforce a wide range of social values in student use of the internet. If parents/guardians do not want members to access information beyond the scope of the Technology Acceptable Use Policy, they should instruct members not to access such materials.

Digital citizenship: Club members shall conduct themselves online in a manner that is aligned with the BGCSTC Code of Conduct. The same rules and guidelines members are expected to follow offline (i.e., in the real world) shall also be followed when online. Should a member behave online in a manner that violates the Code of Conduct, that member shall face the same discipline policy and actions they would if their behavior had happened within the physical Club environment.

Club-owned-and-operated technology: Members are expected to follow the same rules and guidelines when using Club-owned technology. Club technology and systems are the property of the Club, are intended to be used for Club purposes and are to be used during approved times with appropriate supervision. Club members shall never access or use Club technology or systems without prior approval.

Digital citizenship and technology safety training: All members who wish to use a Boys & Girls Clubs device or equipment will be required to successfully complete a BGCA-provided digital citizenship and technology safety training. This training is required for all members annually

Members have access to the Club's computer labs each day. The use of Club computers and access to the internet is a privilege that requires responsibility. We strictly monitor internet access and teach Members the importance of online safety.

Members who violate the technology use policy by using it inappropriately will have their privileges revoked, may be suspended, or have their membership terminated.

The following are not allowed:

- Any material that is sexually explicit, provocative, inappropriate, unwholesome, or unprofessional on any computer in the Club.
- Communications with Members by email and instant message except via their Club email address.

- Members are to treat other Members with dignity and respect.
- Members are to treat staff and volunteers with dignity and respect.
- Members are to treat the facility (including equipment and supplies) with dignity and respect.

When negative behaviors occur:

- Incidents of aggression, fighting, bullying, and violence will result in immediate suspension for three days up to one week. Members will be suspended for up to one year from the Clubs upon the third suspension.

ANTI-BULLYING POLICY

Bullying behavior or threats are taken seriously. Bullying includes deliberate and repeated: pushing, hitting, spitting, name-calling, picking on, making fun of, laughing at, excluding someone, or cyber-bullying. Bullying is seen as a discipline issue and will be dealt with through the normal discipline procedures.

All staff and volunteers are expected to be vigilant and alert to cases of bullying. Reports can be made by staff, volunteers, caregivers, and members. Suspected cases of bullying should be reported immediately to area staff on duty. Reports will be immediately investigated using the Club discipline guidelines. Incidents will be recorded and monitored and may result in member suspension and/or termination.

REPORTING POLICY

BGCSTC is required by law to immediately report suspicion of child abuse or neglect to the Child Protective Services unit of the Department of Social Services. Any volunteer, parent, or staff who suspects that abuse or neglect has occurred must notify BGCSTC immediately so the process of notifying the state and coordinating support for the family may begin. Please contact Karen Englert, Chief Executive Officer, with any concerns.

ACCUSATIONS OF IMPROPIETY

- Record keeping is a necessary means of protecting all staff and Members. If you are accused of impropriety or are a witness to an incident that is the basis of such an accusation, write down all details (date, time, who was present, who said what, who did what) before the memory fades.
