

GREAT FUTURES START **HERE.**

BOYS & GIRLS CLUBS
OF ST. CHARLES COUNTY

PARENT & MEMBER HANDBOOK

Mission

To enable all young people, especially those who need us most, to reach their full potential as productive, caring, responsible citizens.

Vision

Provide a safe and engaging environment where youth will reach their unlimited potential.

Core Values

Boys & Girls Clubs of St. Charles County holds key principles for those we serve, employ, and partner with.

Our Commitment

We believe every kid has what it takes. The mission and core beliefs of Boys & Girls Clubs fuel our commitment to promoting safe, positive and inclusive environments for all. Boys & Girls Clubs of St. Charles County supports all youth and teens – of every race, ethnicity, gender, gender expression, sexual orientation, ability, socio-economic status, and religion – in reaching their full potential.

WELCOME TO THE CLUB

All of us at Boys & Girls Clubs of St. Charles County (BGCSTC) would like to thank you for selecting us! Our Club is a safe place for members to build character through leadership and discover new interests. When you visit BGCSTC, you will find a lively place with trained professional staff and volunteers who are positive adult role models for our young people.

Your child's safety is important to us. This is a handbook of policies and practices to ensure your child has a positive and rewarding experience. Please read this handbook carefully as parents and members are expected to follow these guidelines.

You may contact the Front Desk any time the Club is open if you have questions, concerns or need additional information.

BGCSTC is proudly grant funded by the **Community & Children's Resource Board (CCRB) of St. Charles County**. The CCRB oversees the administration and distribution of the Children's Community Services Fund, which is funded through a 1/8 cent sales tax.

PARENT/STAFF COMMUNICATION

Good communication is essential to providing the best possible support for each child. It is vital you inform the Club of changes in your child's life that may affect his/her behavior. Changes at home may include moving, hospitalization of a family member, alterations in the parents' relationship, or a death in the family. Home issues influence the way in which your child relates to others. Staff can better provide for a child's needs if they are aware of the situation.

Please ensure we have up to date contact information via cell phone, work phone, and email.

PARENT INVOLVEMENT

The Club believes that parental involvement is necessary for the success of any youth program. As a caregiver, you are welcome to visit the Club anytime you wish. Your cooperation with all policies and procedures is appreciated. Take every opportunity to talk with staff about your child. Ask your child daily about the programs he/she attends and take time to read the information that goes home.

CHILD AND CLUB SAFETY

Boys & Girls Clubs of St. Charles County, as an affiliated charter of Boys & Girls Clubs of America (BGCA), is committed to providing a safe and secure experience for all youth. Our safety policies and procedures adhere to the highest standards. Additionally, all adult staff and volunteers are mandatory reporters in the state of Missouri.

To protect the safety of all Club members, staff, and volunteers the following practices and policies are in place at each Club unit:

- One-on-one adult to member interaction is strictly prohibited. The group of three rule (at minimum) is always to be followed. This includes all levels of staffing, volunteers, and visitors.
- Staff members and volunteers are prohibited from using member restrooms when the Club is open for programming. Designated adult only restrooms are available at every site. No Club members are allowed to use these restrooms.
- Restrooms are considered a high-risk area. Members must comply with Club rules on restroom usage including number of members allowed in the restroom. Members must be able to independently use the restroom before they can attend.
- Each Club unit has video surveillance throughout each facility except for in restrooms. Surveillance footage can only be accessed by specific staff members for the purposes of protecting child safety.
- Video surveillance footage is stored for up to 14 days. Access is password protected. Footage will not be shared with members, parents, guardians, and volunteers.

- If state or local authorities request access to the footage the Clubs will comply after all required documentation is received.
- Alarms are installed on every external door to ensure opening of doors is authorized.
- Each standalone unit has a double locked entry point for members. Parents and guests are not allowed into Club units without permission and must be buzzed in.
- All Club parents, visitors, and volunteers must check in at the front desk. They will receive a name tag indicating their purpose (visitor/volunteer/support) which must be initialed by the front desk staff before access to the building is allowed.
- Members will participate in a variety of programs, including some requiring physical activity. Staff provide supervision during these times. Accidental injuries may occur. Staff will contact parent/guardian if the injury appears to be significant or may be severe enough to require medical support.

BGCSTC SAFETY PRACTICES:

Criminal background checks are required for every staff and volunteer who has direct contact with children. We collaborate with First Advantage, the world's largest data company, to provide the most comprehensive screenings available.

Boys & Girls Clubs of St. Charles County conducts criminal background checks of all employees, including minors; board volunteers and others who serve on a standing committee; and all other volunteers who have direct, continuous contact with Club members.

Such checks will be conducted prior to employment or volunteering and at regular intervals not to exceed twelve months. Through our partnership with Spillet Leadership University, BGCA provides a 24-hour toll-free Child Safety Hotline to allow Club managers, staff, volunteers, and Club Members to confidentially report suspicions or concerns. Signs with the toll-free numbers are posted throughout each unit.

Ongoing training and supervision of staff is critical. Staff participate in a variety of child safety training conducted through seminars, conferences, and webinars. This includes mandated reporting, trauma-informed practices, child abuse prevention, and specific program modules. Staff members are trained to advise all Club youth that in some instances they may be required to reveal secrets, especially if the secret carries potential harm to the minor child or others. In such cases, BGCSTC staff contacts the proper authorities.

Boys & Girls Clubs of St. Charles County employs minors aged seventeen. Minor employees are prohibited from running a program or group independently. They are always partnered with another adult staff member who has received additional training on supervising minor employees. Minor employees participate in all required trainings including mandated reporting and other safety trainings prior to working with members. Minor employees will not operate Club vehicles.

Each Unit always has at least one staff member on duty that is certified in First Aid and CPR. Each standalone unit has an AED onsite. All classrooms, gymnasiums, and Club vehicles have a small first aid kit.

Our facilities and vehicles are required to comply with federal, state, and local safety laws. We do not tolerate violence, harassment, discrimination, or bullying in our Club units. This includes members, staff, parents, and volunteers.

BGCSTC MEMBER POLICIES:

- If repeated disciplinary behavior and engagement with parent/guardian occurs, the Member will be suspended for a minimum of one-day and beyond.
- Acts of disrespect toward staff, other members, or property may result in immediate suspension.
- The child's Membership can be revoked if all appropriate attempts to redirect the child's behavior fail.
- All incidents are documented on a Member Incident Report and kept in each member file. Incident reports written by staff are not shared with member families/guardians.
- Incidents of aggression, fighting, bullying, and violence will result in immediate suspension for three days at minimum.

Boys & Girls Clubs of St. Charles County makes every reasonable effort to support members, including those with IEPs, 504 Plans and/or Behavior Plans, however, staff cannot always provide the level of care needed. In such cases, parents will be advised they need to find an alternative provider for services.

ANTI-BULLYING POLICY:

Bullying behavior or threats are taken seriously. Bullying includes deliberate and repeated: pushing, hitting, spitting, name-calling, picking on, making fun of, laughing at, excluding someone, or cyber-bullying. Bullying is a discipline issue and will be dealt with through the normal discipline procedures.

All staff and volunteers are expected to be vigilant and alert to cases of bullying. Reports can be made by staff, volunteers, caregivers, and members. Suspected cases of bullying should be reported immediately to staff on duty. Reports will be immediately investigated using the Club discipline guidelines. Incidents will be recorded and monitored and may result in member suspension and/or membership revocation.

REPORTING POLICY:

BGCSTC is required by law as mandated reporters to immediately report suspicion of child abuse or neglect to the Child Protective Services unit of the Department of Social Services. Any volunteer, parent, or staff who suspects that abuse or neglect has occurred must notify BGCSTC immediately so the process of notifying the state and coordinating support for the family may begin.

OFF CAMPUS CONTACT (BGCSTC STAFF):

The following are prohibited by all staff unless approved in writing in advance by the BGCSTC Chief Executive Officer:

- Socializing with members off campus
- One-on-one interaction of any nature on or off campus
- Transporting members in personal vehicles unless it is an emergency
- Performing any paid or unpaid service for the family of a Club Member
- Entertaining members in a staff member's residence
- Entering the home of a member
- Sharing phone numbers or other contact information including social media

DESTRUCTION OF CLUB PROPERTY:

Documented intentional destruction of Club property by a Club Member will result in an immediate three-day suspension at the minimum. For destruction of property, a financial obligation can also be levied with terms of repayment as discussed with parent/guardian.

TECHNOLOGY USE

Boys & Girls Clubs of St. Charles County is committed to providing a safe use of technology and online safety for members, staff, and volunteers. The acceptable use policy provides the framework for those safety practices, and procedures.

Before a member will be allowed to use Club technology equipment or their personal device, both the member and his/her parent/guardian will need to read and sign the Technology Acceptable Use policy and return it to the Club.

Members must be aware of the appropriateness of communications when using Club or personally owned devices. Inappropriate communication is prohibited in any public or private messages, as well as material posted online.

Inappropriate communication includes but is not limited to the following:

- Obscene, profane, lewd, vulgar, rude, inflammatory, threatening, or disrespectful language or images typed, posted, or spoken by members.
- Information that could cause damage to an individual or the Club community or create the danger of disruption of the Club environment.
- Personal attacks, including prejudicial or discriminatory attacks.
- Harassment (persistently acting in a manner that distresses or annoys another person) or stalking of others.
- Knowingly or recklessly posting false or defamatory information about a person or organization;
or

- Communication that promotes the destruction of property, including the acquisition or creation of weapons or other destructive devices.

If a member is instructed to stop sending communications, they must cease immediately.

Cyberbullying: Members may not utilize any technology to harass, threaten, demean, humiliate, intimidate, embarrass, or annoy their peers or others in their community. This behavior is cyberbullying, which is defined as bullying that takes place using emerging technologies and devices. Cyberbullying that is determined to disrupt the safety and/or well-being of the Club, Club members, Club staff or volunteers is subject to disciplinary action.

Monitoring and inspection: BGCSTC reserves the right to monitor, inspect, copy, and review files stored on Club-owned devices or networks. In addition, BGCSTC reserves the right to inspect and/or review personally owned devices that are brought to the Club. Parents/guardians will be notified before such an inspection takes place and may be present, at their choice, during the inspection. Parents/guardians may refuse to allow such inspections, but the member may be barred from bringing personally owned devices to the Club in the future.

Parental notification and responsibility: While the BGCSTC Technology Acceptable Use Policy restricts the access of inappropriate material, supervision of internet usage might not always be possible. Due to the wide range of material available on the internet, some material might not fit the values of members and families. Because of this, it is not considered practical for BGCSTC to monitor and enforce a wide range of social values in student use of the internet. If parents/guardians do not want members to access information beyond the scope of the Technology Acceptable Use Policy, they should instruct members not to access such materials.

Digital citizenship: Club members shall conduct themselves online in a manner that is aligned with the BGCSTC Code of Conduct. The same rules and guidelines members are expected to follow offline (i.e., in the real world) shall also be followed when online. Should a member behave online in a manner that violates the Code of Conduct, that member shall face the same discipline policy and actions they would if their behavior had happened within the physical Club environment.

Club-owned-and-operated technology: Members are expected to follow the same rules and guidelines when using Club-owned technology. Club technology and systems are the property of the Club, are intended to be used for Club purposes and are to be used during approved times with appropriate supervision. Club members shall never access or use Club technology or systems without prior approval.

Members have access to the Club's computer labs each day. The use of Club computers and access to the internet is a privilege that requires responsibility. We strictly monitor internet access and teach Members the importance of online safety.

Members who violate the technology use policy by using it inappropriately will have their privileges revoked, may be suspended, or have their membership terminated.

The following are not allowed:

- Any material that is sexually explicit, provocative, inappropriate, unwholesome, or unprofessional on any computer in the Club.
- Communications from staff and volunteers with Members by email and instant message except via their Club email address.

Members are not permitted to use personal cell phones at the Club during activities, programs, fieldtrips, or summer camp. Use of cell phones will result in confiscation unless they have been given permission to do so. The phone will be returned to a parent/guardian at the end of the day from the front desk.

Please note, because Club internet safety firewalls do not extend to personal cell phones, we cannot ensure internet safety of members if they are using a personal cell phone device.

Boys & Girls Clubs of St. Charles County respects the privacy of its members, staff, and visitors. The Club accepts no responsibility or liability of personal items (i.e., book bags, cellphones, electronics, coats, etc.).

PARENTAL NOTIFICATIONS

It is vital that BGCSTC has up-to-date contact information for parent/guardian and emergency contacts. **Immediate notification is required for all parent/guardian phone number or address changes.**

BGCSTC sends a monthly email newsletter titled "Behind the Blue Door" to inform parents of upcoming events and reminders. During summer months BGCSTC sends a weekly Summer Camp email to inform parents of upcoming field trips and reminders. Additionally, BGCSTC periodically uses the REMIND text/app system to inform parents of upcoming events and reminders. To be added to these recurring parent communications via email or text contact the front desk.

Quarterly or monthly Calendars are published on BGCSTC.org, attached in parent emails, as well as available at the front desk.

MEDICAL ILLNESS OR EMERGENCY

In the event a member becomes ill while at the Club:

- A parent /guardian will be notified to pick up the member as soon as possible.
- Parents are expected to arrange for pick up as soon as possible. Pick up time cannot exceed one hour.
- BGCSTC staff will take the appropriate emergency measures to ensure the necessary care for accidents or medical emergencies which may include calling emergency services.

MEDICATION

BGCSTC policy prohibits staff from administering medication. Members are not allowed to keep or carry their own medication while at the Club. All emergency medications and plans will be locked in a storage cabinet at the Club. Medicines that are out of date or not in the clearly labeled original container are not permitted and will not be accepted by BGCSTC staff.

If your child requires emergency medication, such as an inhaler or EpiPen, you are required to provide the medicine in its original container and labeled with the child's name, instructions for administration, including the times and amounts for dosages and the physician's name. This must be stated on the Membership form.

If your child is asthmatic, you must provide an inhaler to the Club along with a valid asthma action plan. This must be stated on the Membership form.

If a member's medical needs are beyond what the Club staff can provide, parents/guardians will be advised to find an alternative provider.
